

STANDIVARIUS

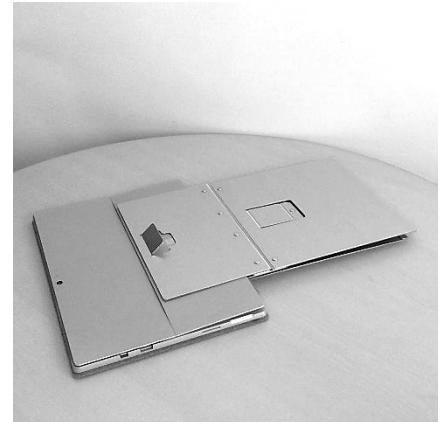

How to assemble your Surface Pro Stand

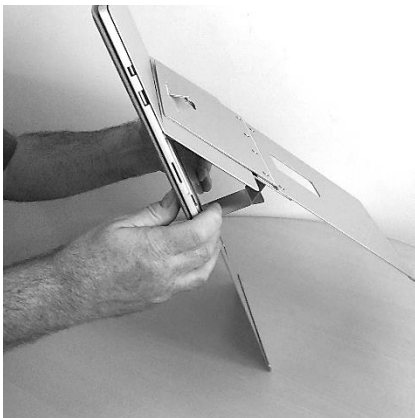

- 1.** Place your Surface Pro face-down and open the kick-stand.

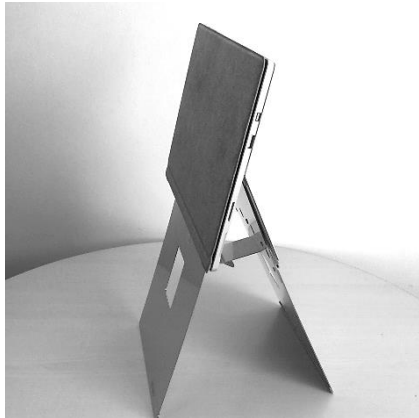

- 2.** Position your Standivarius stand as shown and ease the retaining slot open by pulling the tab.

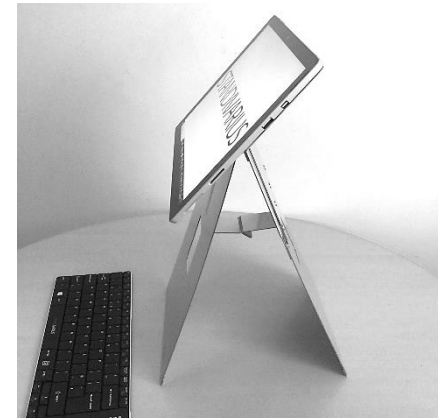

- 3.** Slide the kick-stand into place and then close it flat.

- 4.** Open the Standivarius stand to form an A-frame and turn upright.

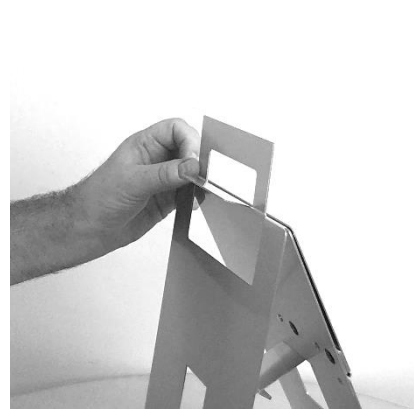

- 5.** Position on your desk and add an external keyboard and mouse

- 6.** The Surface Pro can tilt on its hinge to optimise viewing angle.

- 7.** Your Standivarius stand can also be used without removing the Surface Pro Type Cover

- 8.** Viewing height can be increased by flipping up one of the two flaps before you slide onto the kick-stand (2)
